Health House Signs Exclusive Global Distribution Agreement for World First Halal Certified Medicinal Cannabis Oil

Health House International Ltd (ASX:HHI) (Health House or the Company or together with the entities it controls **the Group**), has signed an exclusive 2 year distribution agreement with Australia-based company Turkken Pty Ltd (**Turkken**), to supply its Halal-certified medicinal cannabis products globally.

HHI will look to expand the market opportunity for this world first Australian made product into Germany, Australia and the UK where Health House is established as well as seeking to open up potential new markets, increasing medicinal cannabis access to Muslim and other patients.

Turkken was founded by Birtan Erkut who is a parent of a child with ASD (Autistic Spectrum Disorder). "This medication has been life changing for my son and our family", said Birt Erkut. "It provides doctors, patients and families an alternative treatment pathway which doesn't have the side effects of opioid medicines and now the Muslim community can access this medicine with full confidence in its origins".

The Turkken brand is an Australian made product which has additional Halal Certification.

Turkken has also achieved a listing on the Australian Register of Therapeutic Goods (ARTG) and is ready for export. Halal certification will satisfy Muslim patients that the products have been manufactured in accordance with strict procedures to ensure that it is culturally suitable for them. Turkken's certifications combined with Australia's Good Manufacturing Practices provides a premium product which is suitable for patients regardless of faith.

"We are delighted to be able to distribute Turkken's medicinal cannabis oils globally and see great potential in this product in established international markets such as Germany which represents the 3rd biggest legal medicinal cannabis market in the world and features a large Muslim population. More and more countries are recognising the benefits of medicinal cannabis, with interest growing from emerging markets such as Asia and the Middle East as legalisation extends globally" said Health House CEO, David Attwood.

HHI continues to rapidly expand its global footprint as the demand for a trusted supply of medicinal cannabis products grows. In Australia, there are currently almost 200,000 patient approvals for medicinal cannabis with almost 70,000 active patients at the end of Q3 2021: this is expected to pass 100,000 by end of Q1 2022^{1,2}. Health House will continue to work with key suppliers to deliver high quality medicinal cannabis products to the global market.

About Health House

Health House International and the entities it controls (**the Group**) is an international pharmaceutical distributor specialising in, but not limited to, the distribution of medicinal cannabis products across Australasia, United Kingdom and Europe.

The Group is a fully licenced and regulated specialised importer, exporter and distributor currently distributing medicinal cannabis products from 14 producers to pharmacies, prescribers, specialist medicinal cannabis clinics and researchers across Australasia. In the UK and Germany, the Group holds all relevant licences (including GMP manufacturing), Wholesale Dealers and Controlled Drugs licences. The Group supplies pharmacies, hospitals, government departments and other wholesalers with medicinal cannabis and general pharmaceutical products in the UK and Europe. The Group also integrates education of patients and healthcare professionals in the use of medicinal cannabis as a core part of its activities and is developing digital tools to enable a holistic understanding of usage.
